
**SORRY WE COULDN'T HELP
BUT YOU CAN EASILY DO
THIS YOURSELF!**

WHAT ARE MY OPTIONS?

1) Contact your ex-employer department directly

Even if you left the company a long time ago, the HR department are obliged to help. They will put you in touch with the pension provider who can help you directly.

2) Contact the pension provider

The chances are if you have old pension benefits, they are with one of the main pension providers. If you contact them directly (see list below), they will be able to tell you if they have pension benefits for you and what your options are. Have your PPS number ready and be aware they may have an old address on file for you.
